CHARCOAL

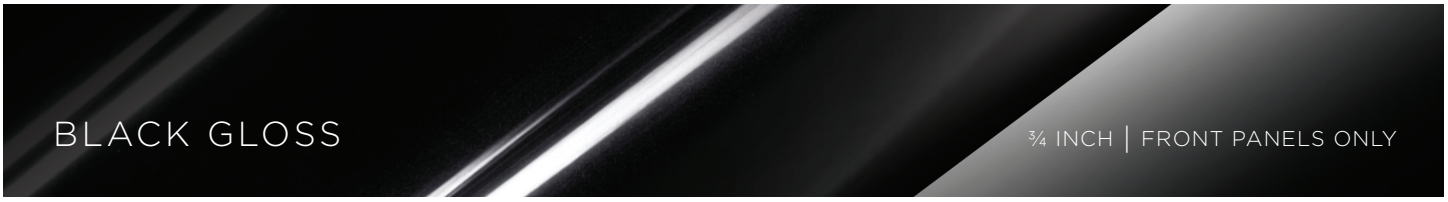

1 INCH | FLAT EDGE

BLACK

1 INCH & 1.5 INCH | FLAT EDGE

WHITE GLOSS

¾ INCH | FRONT PANELS ONLY

BLACK GLOSS

¾ INCH | FRONT PANELS ONLY

INFORMATION

Swatches are intended to provide a general representation of colour to support the decision-making process, rather than serving as a fully accurate or final colour match. If an exact colour specification is required, it is strongly recommended to request a physical sample; rather than relying solely on a digital swatch.

Casegoods are made from TFL high-performance commercial grade thermofused laminate (45 lbs/ft3) in 1 inch and 1.5 inch thickness.

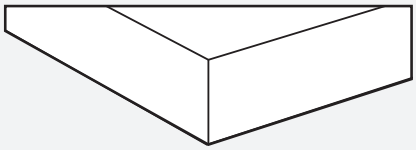

All units are finished on both sides with thermofused laminate, offering premium quality abrasion and stain resistant surfaces.

All components are finished with a 2 mm polymer edgebanding.

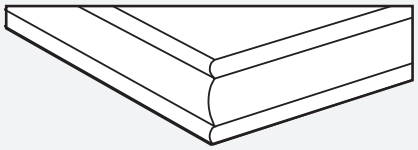

1. **DECORATIVE LAYER AVAILABLE IN 37 COLOURS**
2. **PARTICLEBOARD OR MDF**

EDGING

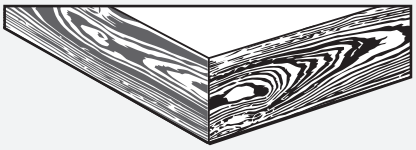

Edging can provide the ideal finishing touch to decorative surfaces, either seamlessly matching the décor or creating distinctive accent details.

. FLAT

. IMPERIAL

. TEXTURE [EMBOSSED]

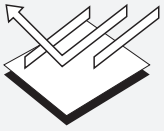

FINISHES

. GLOSSY*
a highly reflective finish

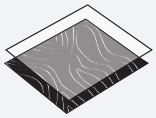

. SMOOTH
a medium-sheen finish that helps hide fingerprints

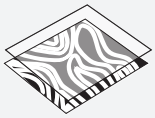

. MATTE
a soft, non-reflective finish with a premium feel

. EIR
aligns the surface finish with the printed wood or pattern design to create a realistic 3D tactile effect

. TEXTURE LIGHT
a smooth finish with a subtle, finely contoured surface

. TEXTURE HEAVY
a smooth finish with a defined contoured surface

* Not suitable for work surface applications. For front panels only.
