

EasyKeys.com Affiliate Program

Be the hero and get rewarded for it! As a valued affiliate of EasyKeys.com, you can offer our services direct to your clients and earn commission on those sales.

How It Works

We provide you with our affiliate logo to post on your website where your clients can click on it to access our website and place their orders. They will receive 10% off every order when they order through this link and you in turn will earn 10% of those sales.

If you have a client that may order frequently or has the need to place larger orders, we can certainly offer them deeper discounts! Just have them contact us direct and let us know that you referred them. We will set them up in our system and link them with your sales account.

Want to know who is ordering and what your sales are? Access your account online 24/7 and click on "Website Sales" to see this information. As soon as an order is placed, it will automatically show up under your account so you're aware of activity as soon as it happens.

Your 10% Perk

As soon as your 10% of referral sales reaches \$100, we'll send you a check payment (and the checks will keep coming each time you earn \$100!)

Getting Started

- **Post our affiliate logo on your website and link it to: <https://www.easykeys.com>**
- **Send us the exact URL of your webpage where the logo is posted**
- **We'll set it up to go live and viola! You're now an official EasyKeys.com Affiliate!**
